

Brothers, Sisters, and Kin,

As of today, the additional \$600 for unemployment will pay out on the week ending 6/25. This is based on it ending as of July 31<sup>st</sup>. Since the unemployment systems pay based on a Sunday to Saturday week and July 31<sup>st</sup> falls on a Friday, this makes the payments stop on week ending 6/25.

It is up to Congress to determine how adjustments will be made moving forward. Please take time to call, mail, and email your Senators and Representatives each day and ask your friends, family and random strangers all across the country to do the same. I know their voicemails are full, but keep pressing forward. **[Click here to tell the senate to pass the HEROES Act as part of our national Call in Day of Action](#)**

IATSE has been doing some amazing things and many of them are highlighted the IATSE Cares website. Please take some time to look at the site. <https://iatsecares.org/>

Please find the hyperlink below this one titled “Filing Your Weekly Unemployment Claim Updated 7-24” for the latest and greatest edition of How to File your Weekly Certification (in Louisiana). There are important steps in there for those of you who are occasionally doing work. Step 7b will help you from needing to file a new claim once you report the work. Always feel free to ask if you are unsure.

If you are having problems with your unemployment, please send me an email. We are still working on many things.
